**NOTICE OF PRIVACY PRACTICES**

THIS NOTICE DESCRIBES HOW PSYCHOLOGICAL AND MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED. PLEASE REVIEW IT CAREFULLY.

I may use or disclose your protected health information (PHI), for treatment, payment, and health care operations purposes with your consent.

I may use/disclose PHI for purposes outside of treatment, payment, and health care operations when your appropriate authorization is obtained. An “authorization” is written permission above and beyond the general consent that permits only specific disclosures. In those instances when I am asked for information for purposes outside of treatment, payment and health care operations, I will obtain an authorization from you before releasing this information. I will also need to obtain an authorization before releasing your psychotherapy notes. “Psychotherapy notes” are notes I have made about our conversation during a private, group, joint, or family counseling session, which I have kept separate from the rest of your medical record. These notes are given a greater degree of protection than PHI.

You may revoke all such authorizations (of PHI or psychotherapy notes) at any time, provided each revocation is in writing. You may not revoke an authorization to the extent that (1) I have relied on that authorization; or (2) if the authorization was obtained as a condition of obtaining insurance coverage, and the law provides the insurer the right to contest the claim under the policy.

I may use or disclose PHI without your consent or authorization in the following circumstances:

- Child Abuse: If I have cause to believe that a child has been, or may be, abused, neglected, or sexually abused, I must make a report of such within 48 hours to the South Carolina Department of Protective and Regulatory Services (Child Protective Services) or to any local or state law enforcement agency.
- Adult and Domestic Abuse: If I have cause to believe that an elderly or disabled person is in a state of abuse, neglect, or exploitation, I must immediately report such to the Department of Protective and Regulatory Services (Adult Protective Services).
- Health Oversight: If a complaint is filed against me with the State Board of Examiners of Psychologists, the Board has the authority to subpoena confidential mental health information from me relevant to that complaint.
- Judicial or Administrative Proceedings: If you are involved in a court proceeding and a request is made for information about your diagnosis and treatment and the records thereof, such information is privileged under state law, and I will not release information, without written authorization from you or your personal or legally appointed representative, or a court order.

**The above privilege does not apply when you are being evaluated for a third party or where the evaluation is court-ordered. You will be informed in advance if the evaluation is court-ordered or is being conducted for a third party.**

- **Serious Threat to Health or Safety:** If it is determined that there is a probability of imminent physical injury by you to yourself or others, or there is a probability of immediate mental or emotional injury to you, I may disclose relevant confidential mental health information to medical or law enforcement personnel.
- **Worker’s Compensation:** If you file a worker's compensation claim, I may disclose records relating to your diagnosis and treatment to your employer’s insurance carrier.

**Psychologist’s Duties:**

- I am required by law to maintain the privacy of PHI and to provide you with a notice of my legal duties and privacy practices with respect to PHI.
- I reserve the right to change the privacy policies and practices described in this notice. Unless you are notified of such changes, however, I am required to abide by the terms currently in effect.
- If I revise my policies and procedures, I will post notice of such revision in a visible location. I may also elect to notify you by mail at the billing address which you have provided to me.

**Complaints**

If you are concerned that your privacy rights have been violated, or you disagree with a decision made about access to your records, you may send a written complaint to the Secretary of the U.S. Department of Health and Human Services.
